---

Al - My apologies for the delay in getting this to you. You asked for these appendices in word format and our Staff working these issue communicated to me after extensive efforts to get them in word format that most of the appendices below are already final and associated with existing sampling plans. Our normal procedure is to amend them for site-specific reasons if necessary. We are certainly happy to amend as necessary for this effort. If anyone has comments on the pdf version that believe need to be made, we will certainly incorporate and address them.

On the issue of CBI in Attachment F, we understand that the company Nalco has waived their CBI claim on what chemicals are in their dispersants, but not on the proportions (% by weight). My review of the attachment indicates that we are consistent with this direction and is acceptable to be released as-is.

If I can be of assistance or answer any questions, please contact me at (214)665-7548 or via email at [hansen.mark@epa.gov](mailto:hansen.mark@epa.gov).

Sincerely,

Mark Hansen  
Associate Director for Prevention and Response(6SF-P)  
Superfund Division
